

# Report of the Supervisory Board

Dear Shareholders,

OMV is committed to implementing its growth strategy in a safe, responsible, and carbon-efficient manner. The Sustainability Strategy 2025 is firmly established in OMV's Corporate Strategy and addresses five focus areas with 15 measurable targets. These targets underscore the commitment OMV has made.

I am very pleased to report that OMV's comprehensive approach to sustainability has been recognized by independent rating agencies and that OMV was included in the internationally renowned Dow Jones Sustainability Index (DJSI World) in 2018.

OMV has opted to make use of the option to prepare its mandatory consolidated non-

financial disclosures as a separate consolidated non-financial report (sustainability report). The consolidated non-financial report that is presented pursuant to Section 96(1) of the Stock Corporation Act was subject to a comprehensive audit and discussion by the Audit Committee and the Supervisory Board. The Supervisory Board found no issues during the audit and approved this report.
